

Statement on Signing Legislation Providing Guaranteed Loans for Farmers and Ranchers

March 15, 1999

I am pleased to sign into law H.R. 882, a bill that will accelerate the availability of federally guaranteed loans to our Nation's farmers and ranchers to give them continued access to credit that is necessary to operate their farms and ranches.

The U.S. Department of Agriculture (USDA) estimates that it will soon exhaust the funds available to guarantee loans for farm ownership and operations. This bill will make available more than \$450 million in guarantees to qualified farmers and ranchers. Normally, these funds are reserved for beginning farmers and ranchers until April 1, when they are made available to all qualified farmers and ranchers. This bill will not affect a separate reserve for minority farmers.

These additional amounts, however, will not fully address the unprecedented increase in demand for USDA financing caused by low commodity prices, which are expected to continue. For this reason, I recently submitted to the Congress an emergency supplemental request for an additional \$1.1 billion in USDA loan authority. I call on the Congress to work expeditiously to include these amounts in a supplemental bill I can sign that does not include unwise and unnecessary offsets.

NOTE: H.R. 882, approved March 15, was assigned Public Law No. 106-2.

Statement on the Killing of Rosemary Nelson in Northern Ireland

March 15, 1999

The killing today of Rosemary Nelson, a leading human rights lawyer in Northern Ireland, was a despicable and cowardly act by the enemies of peace. Our deepest sympathies go out to her family and friends. It

is long past time for the bloodshed to end once and for all. We urge all the proponents for peace to unite to condemn this act and reject the violence. We urge the parties to move forward with implementing the Good Friday accord.

Statement on Senator John H. Chafee's Decision Not To Seek Reelection

March 15, 1999

For more than a generation, Senator John Chafee has been a strong leader for his beloved Rhode Island and for America. He has been a tireless champion of our environment—helping to lead the fight against global warming, promoting wetlands conservation, and crafting legislation for clean air and safe drinking water. On behalf of all Americans, I thank him for his many contributions, including his leadership in expanding health care to more women and children and improving services for people with disabilities. It is truly a rich legacy for America. Hillary and I wish John and his family all the best in the years to come.

Statement on the Cuban Government's Sentencing of Human Rights Activists

March 15, 1999

I am deeply disappointed that the Cuban Government has sentenced four courageous human rights activists—Vladimiro Roca, Felix Bonne, Rene Gomez Manzano, and Marta Beatriz Roque—to prison terms. They did nothing more than assert their right to speak freely about their country's future, call on their Government to respect basic human rights, and seek a peaceful transition to democracy for the long-suffering Cuban people. They were tried without a fair process, behind closed doors. I call on the Cuban Government to release them immediately.
